Introduction

Waheed Zia Construction Company (WZCC) is a leading construction firm in Afghanistan with extensive experience in design/build (turnkey solutions) and customized project development. Established in 2005, WZCC operates with a dedicated team of engineers and architects, providing comprehensive services from design to implementation, operation, and maintenance. Our expertise spans infrastructure, commercial, and residential projects, adhering to high safety, quality, and efficiency standards.

Legal Status & Registration

- **AISA Registration Number:** D-23437
- **TIN Number:** 1026943017
- **UNGM Number:** 453843
- **JCCS Company ID:** 80551
- **Cage Code:** SPC93
- **Official Address:** House #26, Street #4, Qala-e-Fathullah, PD#10, Kabul, Afghanistan

Core Objectives

- Identify and address Afghanistan's development and rehabilitation needs.
- Implement infrastructure projects that enhance community well-being.
- Deliver high-quality construction projects that meet international standards.
- Ensure cost-effectiveness, transparency, and accountability in all operations.

Fields of Activity
